

SENATOR SCHIMEK: Mainly, it just refers them to this election act that we're passing.

SENATOR VRTISKA: This basically...

SENATOR SCHIMEK: It's just a reference. It just references them to the...to Section...in one case to Section 117 of this act, in another one in Section 118 of this act, in another one in Section 115 of this...it just references them to the proper place in the act itself.

SENATOR VRTISKA: Oh, well, I guess the reason I looked at it is I thought, you know, why it was just those particular ones and not all of the other elective offices would be also referenced.

SENATOR SCHIMEK: Probably because they've already been referenced elsewhere, Senator Vrtiska.

SENATOR VRTISKA: Okay. Like I said...

And I guess, as Senator Wehrbein indicated, we're having to put a lot of faith in the committee process that this was something that was worked out and...and is beneficial, hopefully, for the voters and for the people in Nebraska. There's a couple other places that I'm trying to work my way through and if I...if we don't...well, I guess there will still be some discussion on this later so maybe some of those things I can talk to you a little bit later about. Thank you.

SENATOR SCHIMEK: Thank you.

SENATOR CROSBY: Thank you, Senator Vrtiska. Any further discussion on the Schimek amendment to LB 76? Seeing none, Senator Schimek, would you like to close on your amendment?

SENATOR SCHIMEK: Yes, just briefly, Madam President, and members of the body, a lot of the things in this amendment are like the things that Senator Vrtiska just asked about. They're
